

Addressing the Everyday Conflicts and Dilemmas You Face in Spiritualizing Your Life

*Swami Swaroopananda tackles the
most interesting and relevant of
questions in a three-day series
of talks on different themes*

Dates : 8th, 9th, 10th September 2011 (Thurs - Sat)
Time : 7.30pm - 9.00pm
Venue : Sixth Form Hall
St. Aloysius' College, Birkirkara

Thursday 8th September • *Destiny - Who's in Charge?*

*What really is destiny? Can we change it at all?
What is the secret of changing or going beyond destiny...with out fighting it?*

Friday 9th September • *Mind - Can it be Tamed?*

*Are we in control of the mind, or is our mind in control of us?
To control and nurture the mind in a productive manner is therefore the key to all
personality development. However, to gain mastery over the mind we must first
understand it.*

Saturday 10th September • *I - Who, or what, am I?*

*Following logically from the previous two talk, the question arises. Are we our mind?
To what extent we have control over it? How does life play out against the background of
destiny?
Swamiji shows us how to reclaim our innate freedom by simply recognising the
fundamental reality of our own being... our true Self.*
