

CLEARSCIENCE™ BALANCING LOTION

Hydrate and protect

DESCRIPTION

The last thing problem skin needs is a moisturizer that puts oils back. In fact, it needs day and night protection from excess oil. Introducing ClearScience™ Balancing Lotion, exclusively from Neways. This gentle treatment hydrates and protects your skin throughout the day.

The ClearScience™ Complexion Balancing System is a simple three-step regimen featuring the ClearScience Advantage, a combination of scavenging microproteins, salicylic acid, and a patented botanical complex that together address the four pathways of problem skin to promote a cleaner, clearer, and healthier complexion from the inside out.

Step two is ClearScience™ Balancing Lotion, which features a revolutionary combination of exotic plant extracts, clary sage, and salicylic acid to balance moisture levels and enhance your skin's natural resilience while diminishing the appearance of past breakouts. Your skin will feel moisturized, nourished, and protected after each use.

This light moisturizer helps protect your skin from environmental factors. It's a complete formula that can help diminish the appearance of past breakouts while promoting healthy, glowing skin. Balancing Lotion absorbs quickly with no residue—it's perfect for oily, blemish-prone skin.

BENEFITS

- Balances skin's moisture levels for a radiant complexion
- Helps diminish the appearance of past breakouts
- Helps protect and soothe skin
- Helps remove excess dead skin cells and sebum

RECOMMENDED USE

Use as step two of the ClearScience™ Complexion Balancing System. After cleansing with ClearScience™ Balancing Cleanser, massage desired amount of Balancing Lotion into face. Include ClearScience™ Balancing Chewables to promote clear, healthy-looking skin.

CLEARSCIENCE™ BALANCING LOTION

(continued)

KEY INGREDIENTS

- *Salicylic acid*—Exfoliates gently, causing dead skin cells to slough off. This protects your pores from clogging.
- *Meadowsweet extract*—Protects and conditions skin with an astringent effect.
- *Farnesyl acetate, panthenyl triacetate, tocopheryl acetate*—Conditions skin and provides antioxidant protection to support healthy-looking skin.
- *Butyl avocadate*—Derived from the fatty acid of avocado pears. Helps condition the skin and give it a healthy glow.
- *Flaxseed lignan extract*—Has natural antioxidant properties.
- *Allantoin*—A skin protectant and conditioner that promotes healthy-looking skin.
- *Algae and mugwort extracts*—Helps maintain the soft, supple, smooth appearance of skin.
- *Piroctone olamine*—A well-known cleansing agent.
- *Clary sage extract*—A patented natural extract that helps condition and protect the skin.
- *Capryloyl glycine, sarcosine, cinnamomum zeylanicum bark extract*—A skin-cleansing agent.
- *Plant Extract Blend (watercress, stinging nettle, and horsetail plant extracts)*—This unique blend of exotic botanicals has soothing, astringent, and cleansing properties to help rejuvenate skin.

Moisturize your complexion with ClearScience™ Balancing Lotion featuring the ClearScience™ Advantage. This revolutionary combination of ingredients, such as clary sage and salicylic acid, help balance the moisture levels of your skin.

Directions: Use as step two of the ClearScience™ Complexion Balancing System. After cleansing with ClearScience™ Balancing Cleanser, massage desired amount into face. Include ClearScience™ Balancing Chewables to nourish your skin from within.
