

CLEARSCIENCE™ BALANCING CHEWABLE

Nourish skin from the inside

DESCRIPTION

Nourish your skin on the outside, and the job is only half done. For a truly healthy complexion, you need the right nourishment from the inside as well. That's where ClearScience™ Balancing Chewable comes in. As the third step in the ClearScience™ Complexion Balancing System, Balancing Chewable allows you to put your best face forward every time.

This pleasant, minty-tasting, easy-to-ingest tablet helps you obtain your healthy complexion from the inside out, with a unique source of lactoferrin, a scavenging micro-protein. Balancing Chewable also contains biotin, an essential B vitamin that your body needs.

Taken daily as part of the ClearScience™ Complexion Balancing System, Balancing Chewable makes your skin care regimen complete. The ClearScience™ system helps as you strive for clearer-looking skin that's healthy inside and out.

RECOMMENDED USE

Use as step three of the ClearScience™ Complexion Balancing System. Chew two tablets of Balancing Chewables in the morning and two tablets in the evening as part of your daily skin care regimen.

KEY INGREDIENTS

- *Lactoferrin*—A multi-functional iron-binding glycoprotein from bovine protein that acts as an antioxidant.
- *Biotin*—An essential water-soluble B vitamin. Without biotin, certain enzymes may not work properly, and various complications can occur involving the skin.
