

## NEWBRITE™ RADICATE

*Smells clean because it is clean*

### DESCRIPTION

NewBrite™ Radicate cleans and deodorizes your world. This powerful formula provides big cleaning power for the most demanding projects in your home, office, or car. It cleans and deodorizes bathrooms, kitchens, steering wheels, handrails—nearly anything you touch.

Radicate is a powerful cleaner and odor destroyer, yet it's gentle enough to use on children's toys. This formula uses no harsh chemicals—you can even dilute it in water to spray on fruits and vegetables. Its effectiveness comes from stabilized chlorine dioxide, an oxidizing agent that targets organic molecules. Stabilized chlorine dioxide also works as a deodorizer.

Radicate is easy to use—you simply combine it with water to create a powerful solution that leaves behind no harmful residues. With Radicate, you can make your world a cleaner, better-smelling place.

### BENEFITS

- Cleans surfaces
- Destroys odors

### RECOMMENDED USE

Radicate may be used in a spray container when diluted according to usage instructions. Spray the area to be cleaned, allow 1 to 3 minutes for Radicate to take effect, and then wipe clean. If desired, Radicate can be left on surfaces to air dry.

**Surfaces:** Dilution factor is 1 part Radicate to 8 parts water. Add 16 oz (2 cups) to 1 gallon of water (125 mL to 1 L of water).

**Food:** Dilution factor is 1 part Radicate to 16 parts water. Add 8 oz (1 cup) Radicate to 1 gallon of water (60 mL to 1 L of water). For washing fruits and vegetables, remove any debris with tap water, then soak in Radicate solution for 3 to 5 minutes to clean and deodorize. Rinse food thoroughly with potable water after soaking.

## KEY INGREDIENTS

- **Stabilized chlorine dioxide**—An oxidizing agent that targets organic molecules and can be used as a cleaner and deodorizer for a variety of applications. It will not leave behind harmful residue.

**Surfaces:** Dilution factor is 1 part **Radicat**<sup>™</sup> to 8 parts of water. Add 16 oz. **Radicat**<sup>™</sup> to 1 gallon of water. Add 125 ml **Radicat**<sup>™</sup> to 1 L of water. **Radicat**<sup>™</sup> may be used in a spray container when diluted according to usage instructions above. Spray the area to be cleaned, allow 1 to 3 minutes for **Radicat**<sup>™</sup> to take effect, and then wipe clean. If desired, the **Radicat**<sup>™</sup> solution can be left on the surfaces to air dry. There will be no harmful residue.

**Warning:** EYE IRRITANT. Avoid contact with eyes. First Aid: If in eyes, immediately rinse eyes with plenty of water. Remove any contact lenses and continue rinsing eyes for at least 15 minutes. If irritation persists, get medical attention. KEEP OUT OF REACH OF CHILDREN.

**Contains:** Stabilized Chlorine Dioxide.

**Anwendung:** **Radicat**<sup>™</sup> nur verdünnt (1 Teil **Radicat**<sup>™</sup> auf 8 Teile Wasser) auf Oberflächen anwenden. Dazu werden 125 ml **Radicat**<sup>™</sup> mit 1 L Wasser vermischt. **Radicat**<sup>™</sup> kann nach angegebener Verdünnung in einer Sprühflasche angewendet werden. Zu reinigende Flächen besprühen, 1 bis 3 Minuten einwirken lassen und anschließend sauber wischen oder, wenn gewünscht, an der Luft trocknen lassen.

**Hinweis:** REIZT DIE AUGEN. Augenkontakt vermeiden. Bei Augenkontakt Augen sofort mit viel Wasser spülen. Eventuell vorhandene Kontaktlinsen entfernen und Augen weitere 15 Minuten mit Wasser spülen. Bei anhaltenden Beschwerden Arzt konsultieren.  
VON KINDERN FERNHALTEN.

**Inhaltsstoffe:** Chlordioxid
