

## NEWBRITE™ SPOT PRE-WASH

*No more stains*

### DESCRIPTION

Organic laundry stains can be the worst. Coffee, sauces, grass, blood—any one of these can make you fret. Good news: The best, most effective way to get out stains also happens to be a natural way.

With an exclusive formula, NewBrite Spot Pre-Wash features a fast-acting, proprietary blend of detergents and hydrogen peroxide. It fights tough stains with an advanced, oxygen-based bleaching technology.

NewBrite Spot Pre-Wash targets spots such as coffee, tea, fruit juices, sauces and other foods, grass, and even blood. Its gentle surfactants help remove soils, grease, and oils. This fast-acting spray oxidizes stains and breaks them down before they set in, making them easier to remove in an ordinary wash cycle.

Use NewBrite Spot Pre-Wash on whites and colors. It's great on most types of fabrics. And it works on more than just clothes! Try it to remove fresh spots on your carpet, towels, and countertops.

### BENEFITS

- Helps remove tough stains that detergent alone can't
- Goes to work immediately
- Works in cold water
- Oxidizes soil and aids in its removal
- Generally whitens fabrics

## RECOMMENDED USE

Spray NewBrite Spot Pre-Wash on a stain before washing. Apply enough to cover stain. See label for complete instructions.

## KEY INGREDIENTS

- **Hydrogen peroxide**—stabilizing agent

Banish your toughest stains with NewBrite™ Spot Pre-Wash stain remover. Ultra-powerful detergents and Neways' oxygen bleaching technology start working immediately to erase stubborn stains until your clothes are clean. This safe, effective spot remover sprays on easily before washing.

Directions: Apply directly, saturating the stain. Rub with brush to penetrate fibers, and wait one to five minutes before washing.

Caution: Not for use on silk or wool. Harmful if swallowed. Keep out of the reach of children. In case of eye contact, immediately flush with plenty of water for at least 15 minutes. If swallowed, drink a glass of water or milk and call a physician. In case of contact with skin, flush with plenty of water.

Contains: Less than 5%: Nonionic Surfactants, Amphoteric Surfactants, Oxygen-based Bleaching Agents.

Entfernen Sie auch die hartnäckigsten Flecken mit dem NewBrite™ Fleckentferner. Die super starken Reiniger mit der Neways Sauerstoff-Bleich-Technologie, lösen selbst die widerspenstigsten Flecken sofort. Dieser kräftige Fleckentferner wird einfach vor dem Waschen aufgesprüht.

Anwendung: Sprühen Sie den Fleck mit NewBrite™ Fleckentferner ein. Reiben Sie NewBrite™ Fleckentferner mit einer Bürste vorsichtig ein, damit das Spray in die Fasern dringen kann. Lassen Sie das Spray dann 1-5 Minuten einwirken. Hinweis: Nicht geeignet für Wolle und Seide. Gesundheitsschädlich beim Verschlucken. Außerhalb der Reichweite von Kindern aufbewahren. Falls etwas in die Augen gerät, sofort 15 Minuten mit reichlich Wasser ausspülen. Bei versehentlichem Verschlucken ein Glas Wasser oder Milch trinken und ärztlichen Rat einholen. Bei Berührung mit der Haut gründlich mit Wasser abspülen. Inhaltsstoffe: weniger als 5%: nicht ionische Tenside, amphotere Tenside, Bleichmittel.
