

PERSONAL CARE

TLC CLEANSER

Remove stubborn eye makeup, while nourishing the skin

DESCRIPTION

It's an ongoing quest: finding a cleanser aggressive enough to remove stubborn eye makeup yet gentle enough for a dry, delicate complexion. Look no further! At last, one cleanser does both.

Neways TLC Cleanser is a creamy lotion that cleanses dry, delicate, or mature skin while easily removing eye makeup. Nourishing aloe vera, silk amino acids, and vitamin E combine to actively cleanse the complexion while infusing it with essential elements to maintain moisture and vitality.

TLC Cleanser is ideal for normal skin types and for those who prefer a creamy cleanser.

BENEFITS

- Gently cleanses skin
- Rinses clean
- Removes eye makeup effectively

RECOMMENDED USE

Massage a generous amount of TLC Cleanser over face and neck. Rinse off and remove with a warm, damp cloth. For heavy mascara, repeat process.

KEY INGREDIENTS

- *Aloe vera*—Supports skin surfaces. Energizes the skin, and supports collagen levels for more firm and abundant-looking skin.
- *Silk amino acids*—These ingredients impart a luxurious feel to the formula, support excellent moisture binding, and condition the skin.
- *Vitamin E*—A lipid-soluble vitamin, vitamin E is an excellent antioxidant, supporting skin against environmental stresses and the effects of poor lifestyle choices.
