

## WRINKLE DROPS

*Looking your age is optional*

### DESCRIPTION

As time passes, you may notice the beginnings of fine lines, little creases that grow in number and depth with each passing year.

Wrinkles are inevitable. Cell turnover decreases with age, and the amount and quality of collagen and elastin fibers in the skin decline. The eye area is particularly susceptible to wrinkling, because the skin in this area is thin and delicate.

But you don't have to just sit and watch wrinkles happen. Neways Wrinkle Drops is an anti-aging complex featuring glycolic acid and unique cross-linked elastin to create fresher, more radiant-looking skin around the eye area.

Formulated especially for mature skin, this liquid formula is easily applied to the skin, leaving you with a firm, resilient, and fresh-looking complexion.

### BENEFITS

- Supports skin's collagen levels
- Enhances firmness around the delicate eye area
- Promotes the look of fresh, young skin

### RECOMMENDED USE

Dab with fingertips around lined area of eyes, and massage in well using gentle inward strokes.

### KEY INGREDIENTS

- *Glycolic acid*—A naturally occurring alpha-hydroxy acid most commonly found in sugar cane. Glycolic acid supports younger, more radiant-looking skin.
- *Cross-linked elastin*—Supports skin's firmness by delivering elastin in a cross-linked pattern to the skin.
