## DIGESTAMIN®

Support for normal digestion\*

### DESCRIPTION

The process of transforming a crisp salad, a sizzling salmon steak, and a warm slice of bread into basic nutrients that your body can actually use requires considerable work by your digestive system. Mouth to esophagus to small intestine to large intestine—you know how it goes. And don't forget the cocktail of digestive juices from the liver and pancreas that break down food and help things along.

Many factors go into proper digestion. No wonder it sometimes needs extra support! With the right supplementation, you can support normal digestion and feel a big difference.\*

Digestamin® is just the supplement you need. It gives you a proprietary blend of ginger root, fennel seed, rosemary, and other natural herbs that are known for their positive effects on the digestive tract.\*

### BENEFITS

- Supports normal digestion\*

### KEY INGREDIENTS

- Magnesium
- Manganese
- Phosphorous
- Vitamin B<sub>2</sub> (riboflavin)
- Rosemary leaves (*Rosmarinus officinalis*)
