EXUBERANCE™ CONDITIONER

Soft, silky hair that shines

DESCRIPTION

In Exuberance™ Conditioner, you'll find a powerful combination of ingredients that moisturize and condition your hair so it's soft, shiny, and manageable.

Made with hair keratin amino acids, which are derived from the same material as hair itself, Exuberance™ penetrates into the hair follicle and shaft, moisturizing them.

The light, creamy formula won't weigh your hair down—rather, it leaves your tresses silky and healthy looking. It also enriches dry, damaged hair with panthenol, which supports rejuvenation and repair while moisturizing.

This all-purpose, versatile conditioner is perfect for all hair types. Exuberance™ will leave you with beautiful, alluring hair.

BENEFITS

- Provides powerful conditioning and moisturizing
- Improves look and feel of hair during both wet and dry combing
- Makes hair soft and silky
- Increases manageability
- Enriches dry, damaged hair
- Provides deep moisturizing when used as a leave-in conditioner for damaged hair

KEY INGREDIENTS

- *Hair keratin amino acids*—Potent moisturizers and conditioners that penetrate the hair follicle and shaft. Derived from the same material as hair itself, they provide a genuinely natural conditioning agent for beautiful, healthy hair.
- *Panthenol*—Improves the appearance of hair by protecting it from damage and improving luster and sheen. Also a long-lasting moisturizer.

PERSONAL CARE

EXUBERANCE™ CONDITIONER

(continued)

- *Centrimonium chloride*—An antistatic, cleaning, conditioning, and wetting agent.
- *Dicetyldimonium chloride*—An excellent conditioning agent that improves both wet and dry combing; makes the hair soft, silky, and easier to handle.
- *Stearalkonium chloride*—Emollient, conditioning, and antistatic agent; helps tame tangles and gives smooth feel to hair.

Exuberance™ Conditioner is a lightweight daily conditioner which helps maintain healthy and radiant hair with panthenol and hair keratin amino acids. Hair feels softer and smoother, not weighed down. Ideal for all hair types. May be used as a leave-in conditioner for dry and damaged hair.

DIRECTIONS: After shampooing, apply moderate amount of Exuberance™ and leave in for 2 to 3 minutes. Rinse thoroughly. Apply to towel dried hair and style as desired.

INGREDIENTS: Purified water (aqua), myristyl alcohol, dicetyldimonium chloride, panthenol, hair keratin amino acids, cetrimonium chloride, aromatic fragrance, stearalkonium chloride, hydroxyethylcellulose, cetyl alcohol, phenoxyethanol, isopropyl alcohol, sodium chloride.
