## GREAT TAN®

*Beautiful tan, without the sun*

### DESCRIPTION

A sun-kissed glow today can mean damaged, dull-looking skin tomorrow. Why risk it? You can enjoy a beautiful tan without exposing your skin to the harmful effects of the sun.

Great Tan® self-tanner works to darken the appearance of your skin color with the tanning agents erythrulose and dihydroxyacetone (DHA). Formulated for streak-free results, Great Tan helps you in your efforts to achieve a natural-looking tan.

### BENEFITS

- Provides streak-free tanning results
- Helps darken the appearance of skin
- Removes risk of ultraviolet exposure for tanning purposes
- Moisturizes skin as it tans

### KEY INGREDIENTS

- *Dihydroxyacetone (DHA)*—A colorless three-carbon sugar that interacts with amino acids in the surface cells of the skin to produce a darkening effect.
- *Erythrulose*—A four-carbon sugar that helps reduce dryness.
- *Prunus amygdalus dulcis (sweet almond) oil*—A non-greasy, quickly absorbed oil used to moisturize skin.

## GREAT TAN®

(continued)

**DIRECTIONS:** Use daily. Apply Great Tan on clean skin until absorbed. Wash hands afterwards. With cotton ball, apply to backs of hands. Avoid getting lotion on light-colored hair or hairline as discoloration may occur.

**INGREDIENTS:** Purified water (aqua), prunus amygdalus dulcis (sweet almond) oil, dihydroxyacetone, erythrose, polyacrylamide, elaeis guineensis (palm) oil, methylpropanediol, C13-14 isoparaffin, dimethicone, tocopheryl acetate, cetyl hydroxyethylcellulose, laureth-7, copper acetyl tyrosinate methylsilanol, phenoxyethanol, methylparaben, butylparaben, ethylparaben, propylparaben.

**LOTION / BRONZAGE—MODE D'EMPLOI:** Utilisez quotidiennement sur les régions où le bronzage est désiré, et frottez uniformément jusqu'à ce que la crème soit entièrement absorbée. Lavez les mains. Pour les meilleurs résultats utilisez avec un tampon en coton ouate. Éviter le contact avec les cheveux pâles ou avec la ligne de démarcation des cheveux car il pourrait se produire une décoloration.

**INGRÉDIENTS:** Eau purifiée, huile d'amande douce (prunus amygdalus dulcis), dihydroxyacétone, érthrose, polyacrylamide, huile de palme (elaeis guineensis, méthylpropanédiol, isoparaffine C13-14, diméthicone, acétate de tocophérol, hydroxyéthylcellulose cétilyque, laureth-7, acétyl tyrosinate méthylsilanol de cuivre, phénoxyéthanol, parahydroxybenzoate méthylique, parahydroxybenzoate butylique, parahydroxybenzoate éthylique, parahydroxybenzoate de propyle.
