

# PERSONAL CARE

## NIGHTSCIENCE®

*Rejuvenate your skin while you sleep*

### DESCRIPTION

One of the most noticeable signs of growing older is losing the radiance and resilience of youthful skin. Aging, however, is not the only factor that influences the condition of your skin. Many lifestyle choices can drain the skin of its healthy radiance, including inadequate water intake, frequent exposure to sunlight, lack of exercise, and smoking.

Applying certain lotions and creams to the skin after it is cleansed can help increase skin health and improve appearance. Night-hydrating creams often produce more efficient moisturizing results than lotions applied in the daytime, providing deep and lasting benefits to your skin.

NightScience® is a unique evening moisturizer featuring several nutrients, including a rejuvenating yet gentle vitamin A derivative and natural compounds that support the skin during the hot summer months. This effective moisturizer works while you sleep to enrich and refresh your skin.

### BENEFITS

- Rejuvenates skin to create radiance
- Provides skin with enrichment to support proper moisture retention
- Formulated with antioxidants that promote healthy skin
- Supports the skin against the appearance of aging
- Contains none of the harmful ingredients often found in other skin care creams

### KEY INGREDIENTS

- *Ergothioneine*—An antioxidant found in various plants that acts as a scavenger of hydroxyl and oxygen free radicals.
- *Spirulina extract*—A blue-green algae extract containing vitamins and amino acids that aid the proper functioning of the skin's natural moisturizing factor; keeps skin hydrated and supple.
- *Oriental mushroom extract*—Supports the skin during the hot summer months while helping keep the skin clean.

## NIGHTSCIENCE®

(continued)

- *Micrococcus lysate*
- *Retinol*—A form of vitamin A that stimulates collagen and enhances skin strength.
- *Colhibin*—Helps delay appearance of skin aging; supports the elevation of the skin's moisture content.

**Directions:** Apply to face and neck area every night after thoroughly cleansing skin. During the day, apply Skin Enhancer™ liberally.

**Mode d'emploi:** Appliquez sur le visage et la région du cou le soir après avoir bien nettoyé la peau. Durant la journée, appliquez généreusement Skin Enhancer™.

**Ingredients/Ingrédients:** Water (aqua), cyclopentasiloxane, calcium starch octenylsuccinate, hydrolyzed rice protein, stearic acid, algae extract, cetearyl alcohol, saccharide isomerate, sodium stearoyl lactylate, butylene glycol, methylpropanediol, aloe barbadensis leaf juice, dimethicone, ergothioneine, rosa canina fruit oil, lecithin, retinol, polysorbate 20, dimethicone/vinyl dimethicone crosspolymer, phenoxyethanol, ganoderma lucidum (mushroom) stem extract, lentinus edodes extract, sodium behenoyl lactylate, caprylyl glycol, carbomer, spirulina platensis extract, sorbitol, dipotassium glycyrrhizinate, chlorphenesin, yeast polysaccharides, fragrance, sodium hydroxide, disodium EDTA, pyridoxine dicaprylate, micrococcus lysate, yeast extract.
