

Tanacity  
TANNING ACCELERATOR

# PERSONAL CARE

## TANACITY™

*Peak tanning potential*

### DESCRIPTION

Your body's natural response to sun exposure results in suntanned skin. You can prepare your skin to do this job to its highest potential with Tanacity™.

Tanacity™ can be applied before sun exposure for maximum effect. This amazing product provides moisture protection to give your skin peak tanning potential.

### BENEFITS

- Helps support melanin production in the skin
- Moisturizes the skin

### KEY INGREDIENTS

- *Micrococcus lysate*—An extract of powerful enzymes.
- *Rose canina fruit oil*—A plant extract with fatty acid content. Used to soothe sensitive or dry skin. Commonly used to combat the appearance of skin aging.
- *Macadamia ternifolia seed oil*—A nongreasy carrier and emollient that goes onto the skin smoothly and penetrates well. Very gentle to the skin.
- *Methylpropanediol*—A glycol that can enhance the penetration of other ingredients into the skin.
