

PERSONAL CARE

TENDER CARE™ HAND AND BODY LOTION

Velvety soft skin

DESCRIPTION

Moisturized skin is beautiful skin, and it can be yours with Tender Care™ Hand and Body Lotion. This superior-quality lotion gives you the extraordinary moisturizing power of sweet almond oil and the benefits of MSM (methylsulphonylmethane).

Sweet almond oil is naturally soothing and has long been used to support the appearance of the skin, leaving it looking healthy, well nourished, and youthful.

Tender Care Lotion makes your skin feel velvety soft with no greasiness, so your skin can respire naturally. This daily skin conditioner is especially effective on women's legs, where sebaceous glands are few. It's appropriate for most skin types and is gentle enough for other members of your family.

BENEFITS

- Softens and soothes dry areas
- Conditions the skin
- Allows skin to breathe

KEY INGREDIENTS

- Sweet almond oil—Featuring high fatty acid content, this oil soothes sensitive or dry skin.
- Methylsulphonylmethane (MSM)—A skin-conditioning agent that leaves a soft and moisturized feel to the skin.
